### Community Health Centre

The IQAC of the college through the governing council has proposed to initiate the setting up of an independent Community Health Centre in the campus. Shirva is a rural panchayat village that has difficulty of many basic facilities. Medical aid during emergency is one among them, Lack of private hospitals and dearth of doctors in the Government Primary Health Centre has been bothering the people from decades. Padavu area in which the college is situated is an outskirts from the city. As a result, medical aid in times of emergency is an uphill task. The college management in order to fulfill its long cherished dream of establishing a community health centre in the campus and open its access to the public as well as its surroundings has put forth the proposal. The President of the management Sri. N Vinaya Hegde also the chancellor of prestigious Nitte University has approved the proposal and the construction is under way. This outreach activity of the college for the most basic medical need of the area has been a distinctive priority.
